SUMMARY

Hello, I'm Abinash Behera, a Computer Science student passionate about Web3 and Blockchain technology. I specialize in building decentralized applications, smart contracts, and modern web interfaces. I enjoy solving real-world problems using Data Structures & Algorithms and developing secure, scalable blockchain solutions. My goal is to become a professional Blockchain Engineer and contribute to innovative decentralized ecosystems.

EDUCATION

B-Tech (CSE)

Centurion University of Technology and Management

📅 2023 - 2027

11 & 12 Science

Vikash Residential School

📅 2021 - 2023

2nd Class to 10th Class

SDA Higher Secondary School Khordha

📅 2013 - 2021

SKILLS

Frontend Development: HTML CSS JavaScript React

Blockchain Development: Solidity Smart Contracts

Web3.js Metamask Integration

INTERESTS

💎 Smart Contract Development

⚡ Building Real-world Web Applications

💎 Reading Tech Articles

⚡ Blockchain & Cryptocurrency Research

LANGUAGES

English
Advanced

Odia
Native

Hindi
Proficient

PROJECTS

Supply Chain Tracker

🔗 <https://remarkable-madeleine-c1537c.netlify.app/>

Developed a blockchain-based Supply Chain Tracker to ensure transparency and traceability of products across multiple stakeholders. Implemented smart contracts and Web3 integration to maintain immutable transaction records and enhance supply chain security.

ERC-20 Token Donation Platform

🔗 <https://coruscating-taffy-4069b2.netlify.app/>

A decentralized web application that allows users to donate Ether or ERC-20 tokens based on different campaigns.

Student Record System

🔗 <https://github.com/abinash092369/StudentRecordSystem>

Developed a Student Record System to manage student data using database integration and CRUD operations. Focused on data accuracy, secure storage, and efficient record management, applying structured data handling concepts gained from blockchain development experience.
